

U.S. TROOPS STAGE BIG SHAM BATTLE

COBLENZ, Germany, Nov. 5.—The most extensive peace time maneuvers ever carried out by the American army have ended with the following message from the "front" of the American army of occupation in Germany:

"Objective reached. Enemy to retreat along entire front. Will consolidate, reorganize and continue attacks."

For two weeks practically every unit of the army of occupation engaged in the maneuvers conducted in the hills 50 miles southwest of Coblenz. To put it into the plain, the American troops simulated the tactics of the German army in the last war and the doughboys repeated the maneuvers of the last war. The maneuvers were a brilliant success. The first brigade, commanded by

MRS. LAURA RARICK, of Peoria, Ill., who says she believes she is the happiest woman on earth since Tania so completely restored her health. Begins 50 pounds which she lost during a period of ill health which lasted eleven long years.

"I believe I am the happiest woman in the world and it is all because of what Tania has done for me," said Mrs. Laura Rarick, 443 Madison St., Peoria, Ill., a well-known and highly respected resident of that city.

"I never dreamed that I could ever find anything that would do for me what Tania has done," she said. "I was in a wretched state of health and was down in bed so long that I lost fifty pounds in weight, but I have gained back every pound I lost and now feel as well as I ever did in my life. The indigestion and other troubles that made life a burden for eleven years have entirely disappeared and I am like a new woman."

"My stomach was so disordered that even liquid foods and plain water caused me to have dreadful cramping spells that lasted for hours. My kidneys were disordered and I had pains across my back almost constantly. I had severe headaches nearly every day and became so dizzy I could hardly stand. I was so nervous it was impossible for me to get a good night's sleep. I tried every conceivable medicine and was treated by specialists but nothing helped me, and finally I was told I would never be well again."

"But Tania has made me a perfectly well woman in every way. I can now eat and sleep like other people and I haven't a pain about me. I am glad to give this statement, for I want to do all I can to let the world know about this wonderful medicine."

Tania is sold in El Paso by Cordell Drug Co., in Ft. Hancock by Ft. Hancock General Store Co., and in Fabens by Fabens Drug Co., Adv.

"DANDERINE"

Girls! Save Your Hair!
Make It Abundant!

Immediately after a "Danderine" massage, your hair takes on new life, lustre and wondrous beauty, appearing twice as heavy and plentiful, because each hair seems to thicken and thicken. Don't let your hair stay lifeless, colorless, plain or scraggly. You, too, must lose of long, strong beautiful hair.

A 50-cent bottle of delightful "Danderine" restores your scalp, checks dandruff and falling hair. This stimulating "Danderine" goes to the root, dull, fading hair that youthful brightness and abundant thickness—all dandruff—Adv.

Output Grows In The Mines About Torreon

Torreon, Coahuila, Mex., Nov. 5.—Metal mining has received a boost by the low price of silver and the shortage of coal caused by the strike and closing down of the leading coal mines of this state from which the mines and smelters have been obtaining their fuel supply. It is believed these obstacles are only temporary and will be remedied. Coal can be imported from the United States and it is expected that the low price of silver will be partially offset by a reduction in taxation on the low grade ores.

The Ignacio Rodriguez y Ramos company, operating mines in this state, declared a dividend last month of \$2 per share. Preparations are being made to increase the present output and improvements are being made at the mines.

The mines at Sierra Mojada are producing steadily to increase their shipments of ore. Luis Zuniga is opening up some new properties in the Matamoros mountains in this district. The Trujillo group embraces 12 pertenencias, which will be developed. The area carries gold, silver, lead, copper and zinc.

The San Juan de Guadalupe district is adding new shipments to its output. It is shown no signs of ill effect from the coal shortage or low price of silver. The most recent prospecting has taken up in the district in the Pateros group of two claims in the Ramirez mountains to be worked by Alejandro Galvan.

MEXICAN WEST COAST CONDITIONS IMPROVING

Commercial and agricultural conditions on the west coast of Mexico are improving steadily, according to consular reports received by American consuls. A. A. Dow in Juarez, it is estimated that the sugar crop available for export from the state of Chihuahua will exceed 2000 tons refined, and that in the irrigated sections of Sonora and Sinaloa an increased acreage in garden products, such as tomatoes, lettuce, beans, cabbage, and artichokes is being planted for the American winter market.

Improved railroad facilities are anticipated and officials estimate that 25,000 cars of agricultural products will be exported to the United States. Already the trains of the Southern Pacific railroad are running with regularity. Banking facilities have also been greatly improved on the west coast.

Sweden plans to exhibit a commercial exhibit from Sweden in the Mexico City, according to consular reports received by American consuls. A. A. Dow in Juarez, for the purpose of organizing an important exhibit of articles manufactured in the principal factories of Sweden and other industrial centers of Sweden. Among the articles which will be exhibited are telephone apparatus, hand saws, sawmills, porcelain and glassware, toys and dairy products.

A large amount of advertising material of Swedish origin, printed in Spanish, accompany the products to be exhibited and also indicate the kind of Swedish raw materials which the Swedish manufacturers are desirous of obtaining in exchange. It is expected that the exhibit will be a means of increasing commerce between the Scandinavian countries and Mexico.

GUAYMAS LUMBER TRADE SHOWS BIG IMPROVEMENT

Work is under way for the establishment of a second lumber yard in the port of Guaymas, according to information received from consular reports. Owing to the cessation of building activities in Sonora during the revolution and Indian depredations the trade in lumber and other building materials has been almost entirely discontinued. Therefore, the establishment of this new industry is looked upon as a good omen for the rehabilitation of the country, says the report.

Once the mines are again in operation they will require large quantities of lumber and timber, the greater part of which will arrive at Guaymas by water.

The consular report in his report that a shipment of lumber was already on the way from the Pacific coast.

A NOTED MEXICAN WRITER DIES IN MEXICO CITY

Torreon, Coahuila, Mexico, Nov. 5.—Word has been received here of the death of Juan Serrano in Mexico City. Serrano was a well-known newspaper man. A number of years ago he was located in El Paso and later at Los Angeles, where he was associated with the "Herald" and "Register" in the publishing of radical socialist papers and literature.

A few years prior to the revolution he came to Mexico and was one of the directors of "La Regeneracion," a strong anti-Diaz publication.

Francisco Madero, after being elected president, sent Serrano on a special mission to Los Angeles in an effort to convert Flores Magón to the Madero cause, in which effort he failed. During the Carranza government he was secretary to Gen. Pablo Gonzalez.

SOCIALISTS AND LIBERALS CLASH IN MEXICAN STATE

Mexico City, Mex., Nov. 5.—Serious clashes between Socialists and Liberals followed the Yucatan state election campaign are reported in dispatches from Merida. American is now in the United States who are dominant in that state have endeavored to suppress demonstrations. The election will be held December 1.

GERMAN GOODS POURING INTO MARKETS OF MEXICO

According to statements made to the press by the Mexican consul at Hamburg, who has returned to Mexico City, Germany sends more to Mexico than ever before. The value of the goods sent to Mexico in the last month was \$1,000,000. This statement was made in consular reports to American consul E. A. Dow in Juarez.

MEXICAN ROADS ARE TO RAISE PASSENGER RATES

Torreon, Coahuila, Mexico, Nov. 5.—An increase in passenger rates over the Mexican railroads will be announced soon. It is reported that an advancement of 50 percent will be established on first-class passenger fares and about 20 percent on second-class.

TORREON ELECTIONS SUNDAY

Torreon, Coahuila, Mexico, Nov. 5.—The election for municipal officers will be held Sunday. There are three candidates for mayor in the field and considerable interest is being manifested. Ballots and street parades are being held frequently and a large vote will be polled. The laboring class taking a deep interest in the event.

RAIN AT TORREON

Torreon, Coahuila, Mexico, Nov. 5.—Frequent heavy showers have been falling in this vicinity and throughout the state of Durango. These rains are of but little if any benefit to the Laguna farmers, but the stock ranges in Durango are greatly improved. The rains have been heavier than usual at this time of the year.

special events.

—"Huerta" in English
Is Plain "Garden"

Mexico City, Mexico, Nov. 5.—Many of the unusual Spanish names which hint of long ancestry and high degree have been prominent meanings, like Baker, Hutchinson, Smith, Shoe-maker and the like in the United States.

President Adolfo de la Huerta's name is mollification, yet Huerta means garden, and if the president lived in the United States he would be Mr. Garden.

It is just 100 years since the famous Royal observatory near Cape Town was established.

—YOU'LL GET RID OF
BLACKHEADS NOW

There is one simple, safe and sure way that never fails to get rid of blackheads and that is to dissolve them.

To do this get two ounces of calcareous powder from any drug store, sprinkle a little on a hot wet sponge and rub over the blackheads briskly; wash the parts and you will be surprised how the blackheads have disappeared. The blackheads are simply the pores without any mark being left behind. The calcareous powder is simply a mixture of dust and dirt and secretions from the body that form in the pores of the skin. Rubbing and squeezing only causes irritation and makes the pores larger and do not get the blackheads out after they become hard.

Calcium powder and the water simply dissolve the blackheads as they wash right out leaving the pores free and clear. Rubbing and squeezing only causes irritation and makes the pores larger and do not get the blackheads out after they become hard.

Anyone troubled with these unsightly blemishes should certainly try this simple method.—Adv.

Globe Store News
